		TOTAL IN NEPAL	32 churches
		TOTAL INDIA + NEPAL+ BHUTAN =	116

** GGF Mumbai recognizes a local assembly as a church when it fulfills the following conditions:

1. It is an assembly of at least 15 – 20 people (the average size of our churches is over 50 people – many are much larger) who meet in a distinct area (i.e. they are not just a Bible study of an existing church).
2. The church is pastored by one of our Bible college graduates.
